ESC AG

Panel B3

**Cyber Operations – a legal and technological
challenge**

Wednesday, 28th November 2018, 11:45 – 13:15h

Dr.-Ing. Volker Strecke is employed at Arrow ECS AG in Munich, Germany, as a Senior Business Development Manager for IT-Security. He is responsible for the Product Management, Vendor Cooperation, Partner Relationships and Project Management on Information Security and Compliance solutions from international vendors, such as RSA, ForeScout or Skybox Security. Volker Strecke can rely on more than 30 years experience in the areas of research, development, exploration, engineering and business with focus on communication, network and cyber security systems and technologies. Previous stations in his professional career were Regional Sales Manager at TLK, Technical Sales Manager at SpaceNet, Coordinator for polar communication and data services at Hapag-Lloyd, and Software Development Engineer at the Centre for electronic devices. After his study on Information Technology he accomplished the doctorate at the University of Applied Sciences in Mittweida, Germany.
