

Prof Dr Rainer Bernnat

Partner, PwC Strategy& (Germany) GmbH

Panel A4

**NATO/EU Initiatives to improve capabilities for
medical operations**

Tuesday, 26th November 2019, 14:30 – 16:00 h

Prof. Dr. Rainer Bernnat is Partner and Managing Director at PwC Strategy& in the Frankfurt office. He manages the Practice Group "Public Sector" in Europe. His consulting focus is on strategic transformation programs (structural and process organization, business models, processes, IT, change / communication) in the healthcare, public sector and financial services sectors. Prof. Dr. Bernnat has been involved in groundbreaking digitization projects in the public sector over the past years, e.g. for the German armed forces or for health telematics / eHealth. In this context, he has also addressed the challenges related to cyber/IT through numerous projects, both from a strategic perspective and in operational implementation.

Prior to Strategy&, Prof. Dr. Bernnat worked for IBM. During this time he has worked in various sales, marketing and management positions in Germany, Denmark and France.

Prof. Dr. Bernnat studied Business Administration at the J. W. Goethe University, Frankfurt, and at the Universidad de Navarra, Pamplona, and received his doctorate in Frankfurt. He is currently honorary professor at the University of Augsburg at the chair of "Information Systems and Management" of Prof. Dr. Daniel Veit.
