**Revolution in Mobile Military Operations – new
technologies for command and control**

Tuesday, 26th November 2019, 14:30 – 16:00 h

Mr. Terry Halvorsen started with Samsung electronics on April first of this 2017 as an Executive Vice President in the Business to Government group. He has since been appointed as the Chief Information Officer and Executive Vice President IT and Mobile Business to Business group Samsung Electronics.

Prior to Joining Samsung Electronics, he served as the Department of Defense Chief Information Officer from 2014 to 2017. As DoD CIO, Mr. Halvorsen was the principal advisor to the Secretary of Defense for information Management / Information Technology and Information Assurance as well as non-intelligence space systems; critical satellite communications, navigation, and timing programs; spectrum; and telecommunications. He provided strategy, leadership, and guidance to create a unified information management and technology vision for the Department and to ensure the delivery of information technology-based capabilities required to support the broad set of Department missions.
